

ICPE 2013

The first international conference on physics and Engineering is a premiere gathering conference devoted to a number of scientific and engineering multidisciplinary areas. The conference will be held in 2013 jointly by both the department of physics (College of Science, University of Baghdad) and department of mechatronics (College of Khawarizmi Engineering , University of Baghdad).

Topics:

Physics

- + Plasma physics
- + Remote sensing
- + Renewable energies
- + Space and Astronomy
- + Materials Science and Engineering
- + Nuclear physics and Engineering
- + Condensed matter
- + Applied Spectroscopy
- + Environment and Pollution

Engineering

- + Biomedical and Biomechanics
- + Communications and Information
- + Robots and Automation
- + Structures and smart materials
- + Electrical and Mechanical control
